SIR,

Referring to your letter No.L.148-Med.11-24-3, dated, 9th July 1924, I have the honour to inform you that unlike students in other Schools, the Medical Students have to keep Hospital attendance and attend clinical lectures even during the vacation and are therefore paid during the vacation, except in the case of the final year students whose stipends cease on the announcement of the results i.e. about the beginning of May.

These students also enter into an agreement to serve the State, for 10 years after they qualify, a liability which, it is believed, is not attached to the scholarships tenable in the Arts Schools. However, what is granted to a Medical Student is usually known as a stipend and not a Scholarship.

Under the circumstances no change in the existing practice is called for.

I have the honour to be,
Sir,
Your most obedient servant,

SENIOR SURGEON.
